

INSTALLATION GUIDE

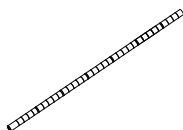

A 6PCS

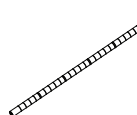

B 4PCS

C 4PCS

D 4PCS

E 4PCS

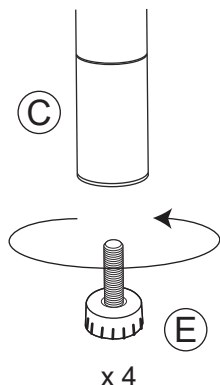

G 48PCS

Installation steps

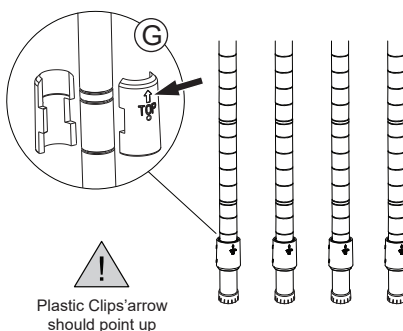

1

Install the Leveling Foot (D).

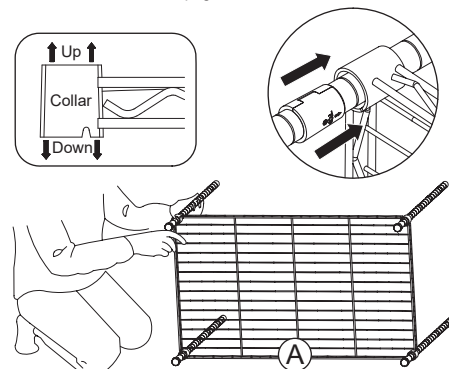

2

Snap the Plastic Clips (G) into the pole grooves of lower poles (C) at the same position and make sure that the arrow of plastic clips are pointing up.

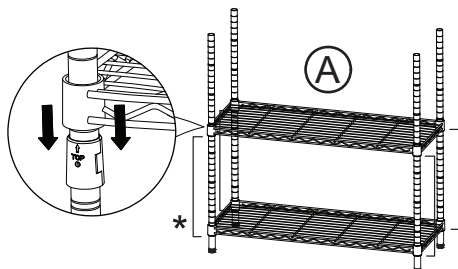

3

Please make sure that you have the wire shelf (A) the correct way up. (The gap in collar shall be faced down) Hold the shelf on its side and slide the top of four lower poles through the bottom of each shelf at its corners until there is a snug fit. After 4 poles have been slid through the shelf collar holes, set the shelf upright.

4

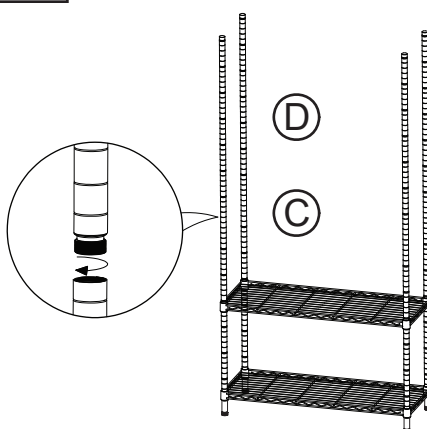

Snap the Plastic Clips (G) into the pole grooves of lower poles (C) at the same position and make sure that the arrow of plastic clips are pointing up. Install (A).

*To ensure the stability of the shelves, make sure all 4 clips are attached to the same layer on the pole.

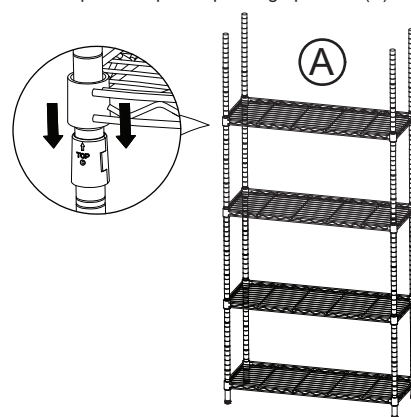

5

Screw upper poles (B) into lower poles using the connectors from both ends.

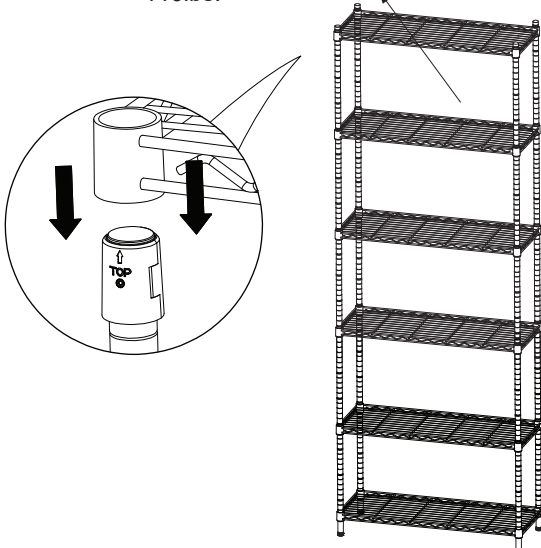

6

Snap the Plastic Clips (G) into the pole grooves of lower poles (C) at the same position and make sure that the arrow of plastic clips are pointing up. Install (A).

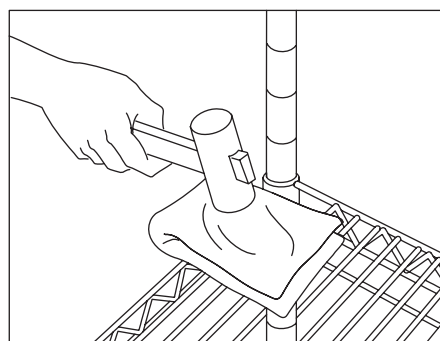

7

Install (A). Please ensure the total weight of items placed on the top three shelves is under 110lbs.

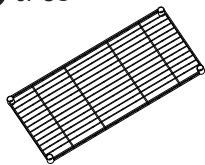

8

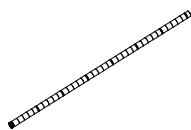

Press each shelves firmly down onto the post.

Installation steps

1

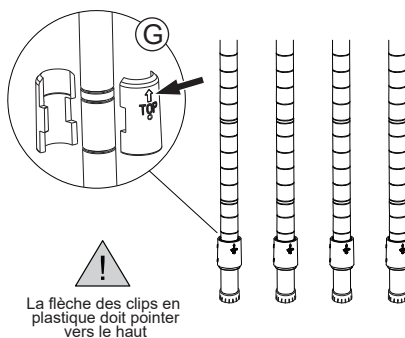

Installez les pieds de mise à niveau (D).

x 4

2

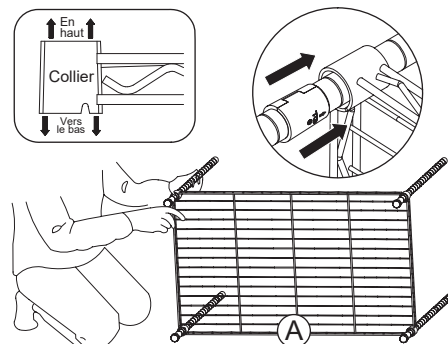

Insérez les clips en plastique (E) dans les rainures des poteaux inférieurs (C) à la même position et assurez-vous que la flèche des clips en plastique est dirigée vers le haut.

La flèche des clips en plastique doit pointer vers le haut

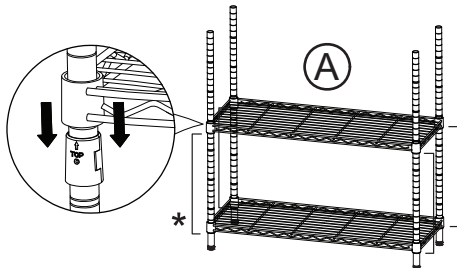

3

Assurez-vous que la grille métallique (A) est correctement positionnée (l'espace entre les deux grilles doit être orienté vers le bas). Maintenez la grille sur le côté et faites glisser le haut des quatre poteaux inférieurs à travers le bas de chaque grille, au niveau de ses coins, jusqu'à ce qu'ils soient bien ajustés. Une fois les quatre poteaux glissés dans les trous des grilles de la grille, placez la grille à la verticale.

4

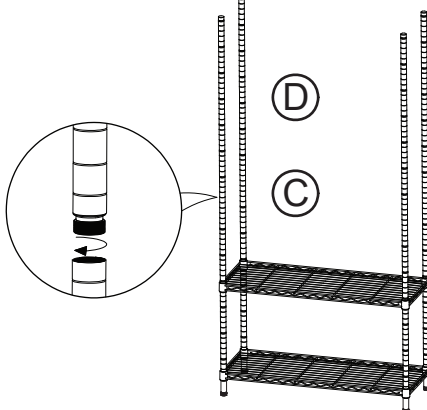

Enclenchez les clips en plastique (E) dans les rainures des poteaux inférieurs (C) à la même position et assurez-vous que la flèche des clips en plastique pointe vers le haut. Installez (A).

*Pour assurer la stabilité des étagères, assurez-vous que les 4 clips sont fixés à la même couche sur le poteau.

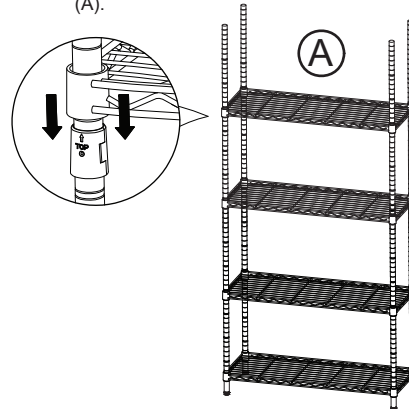

5

Vissez les poteaux supérieurs (B) dans les poteaux inférieurs à l'aide des connecteurs des deux extrémités.

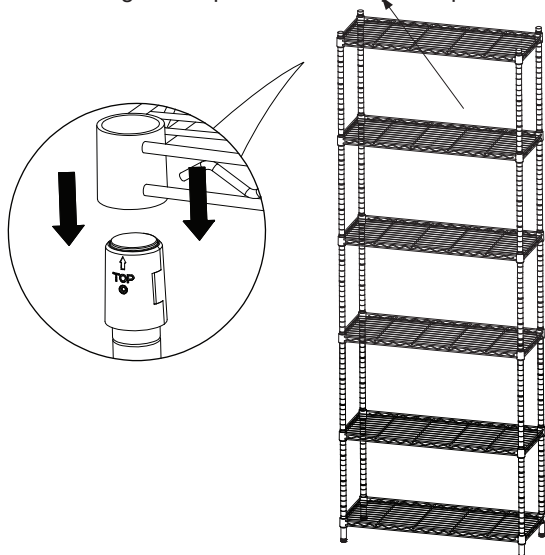

6

Enclenchez les clips en plastique (E) dans les rainures des poteaux inférieurs (C) à la même position et assurez-vous que la flèche des clips en plastique pointe vers le haut. Installez (A).

7

Installez (A). Veuillez vous assurer que le poids total des articles placés sur les trois étagères supérieures ne dépasse pas 110lbs.

8

Appuyez fermement chaque étagère sur le poteau.
